

17 ways to create an Office 365 Group...

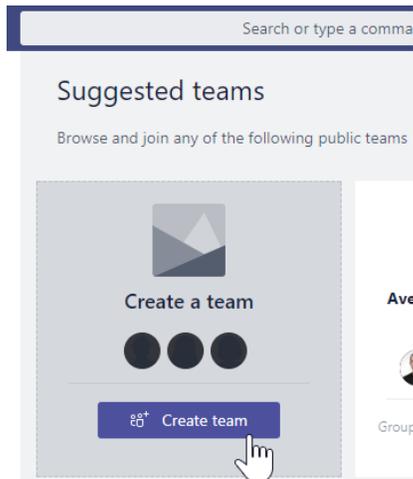

1. From Outlook in Office 365

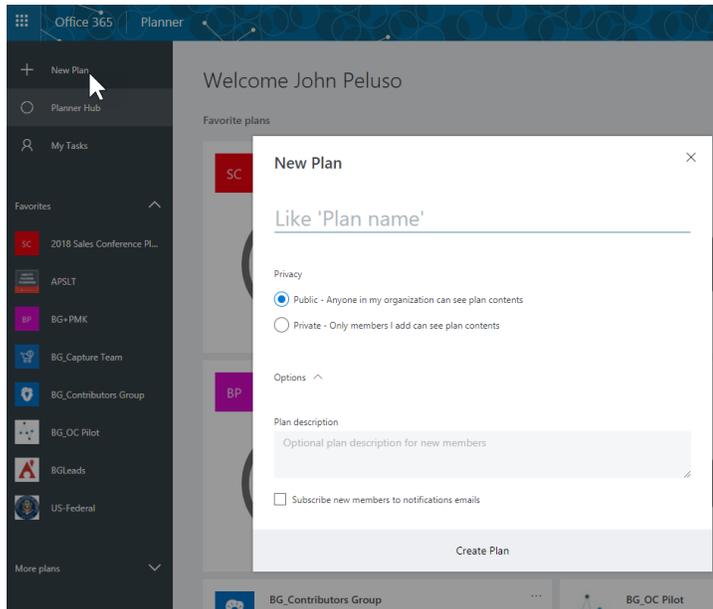

2. From the "People" app in Office 365

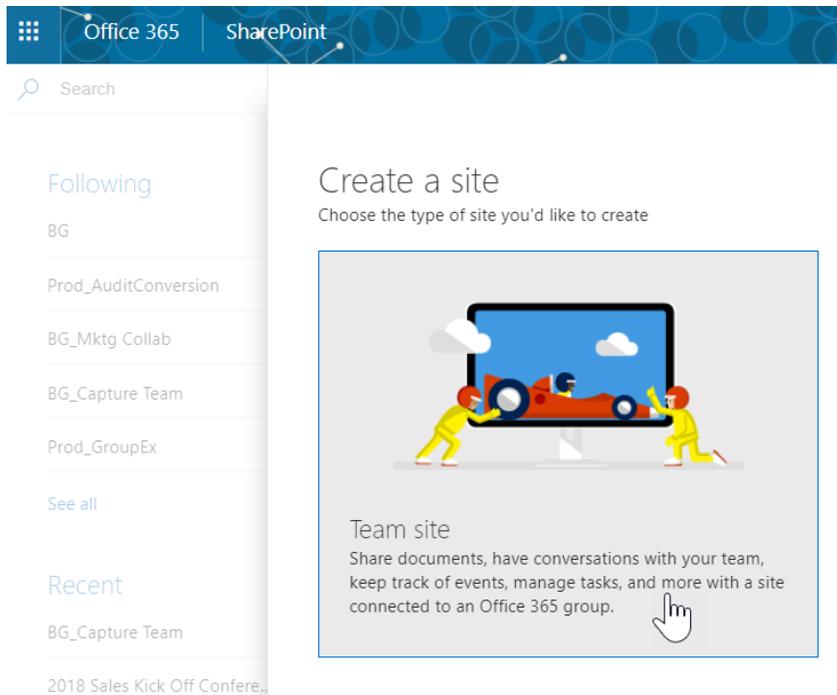

3. From Microsoft Teams client

4. From Planner

5. From SharePoint

6. From Yammer

Create a group to connect and learn ×

INTERNAL GROUP
To collaborate with people inside your company.

EXTERNAL GROUP
To collaborate with people who work at other companies.

Group Name

Group Members

Who can view conversations and post messages?

Public Access: Anyone in this network can view conversations and post

Private Access: Only group members can view conversations and post

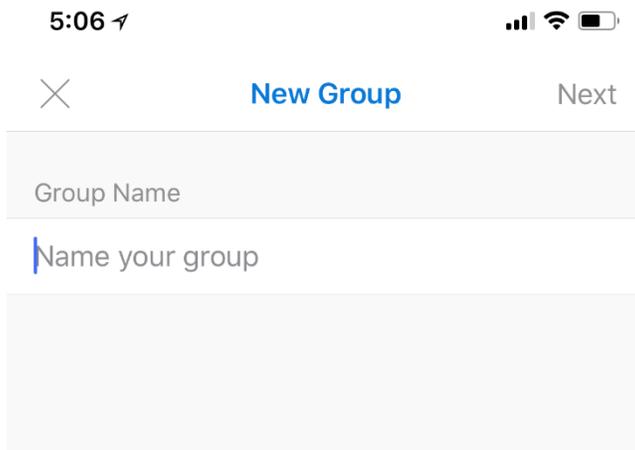

7. From Stream

The screenshot shows the Microsoft Stream interface. At the top, there is a navigation bar with 'Stream', 'Browse', 'My content', and a 'Create' dropdown menu. The 'Create' menu is open, showing options: 'Upload a video', 'Create a channel', and 'Create a group'. A mouse cursor is pointing at 'Create a group'. Below the navigation bar, there is a large video player area with a 'Welcome back, Joe' message and a video titled 'AvePoint Public Sector Teams Strategy'. Below the video player, there is a section for 'Invite your coworkers to upload videos. Everyone in your company can contribute.' with a plus icon and a person icon.

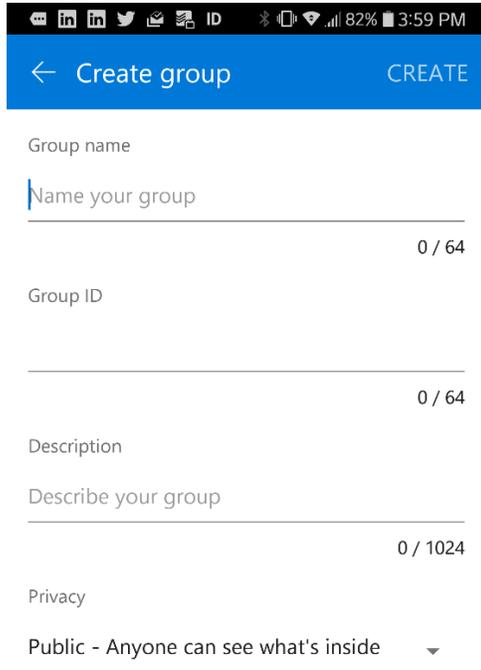

8. From Outlook on the Desktop

The screenshot shows the Microsoft Outlook desktop ribbon. The ribbon is divided into sections: File, Home, Send / Receive, Folder, View, Help, Dictation, and Tell me what you want to do. The 'Groups' section is visible on the right side of the ribbon, containing buttons for 'New Group' and 'Browse Groups'. A mouse cursor is pointing at the 'New Group' button.

9. From the Outlook mobile App

10. From the Outlook Groups mobile app

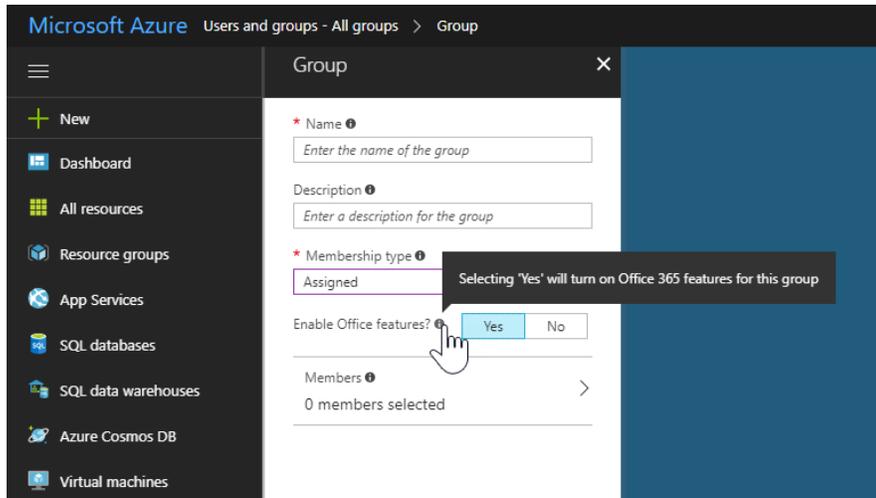

11. From the Planner mobile App

The screenshot shows the 'New Plan' screen in the Planner mobile app. At the top, there is a dark header with a back arrow, the text 'New Plan', and a 'CREATE' button. Below the header, there is a text input field for 'Plan name'. Underneath that, the 'Privacy' is set to 'Public'. At the bottom, there is a text input field for 'Description'. The status bar at the very top shows various icons and the time '4:43 PM'.

12. From the Office 365 Admin Center

The screenshot shows the 'New Group' page in the Office 365 Admin Center. The top navigation bar includes 'Office 365' and 'Admin center'. A left-hand navigation pane lists various options: Home, Users, Groups (highlighted with a mouse cursor), Shared mailboxes, Resources, Billing, Support, Settings, Setup, Reports, and Health. The main content area is titled 'New Group' and 'Office 365 group'. It contains a form with the following fields: 'Type' (set to 'Office 365 group'), 'Name' (empty), 'Group Id' (with a dropdown set to 'odemo.me'), 'Description' (empty), 'Privacy' (set to 'Public - Anyone can see group content'), 'Language' (set to 'English (United States)'), and a toggle for 'Send copies of group conversations and events to group members' inboxes' (set to 'On'). At the bottom, there is a '+ Select owner' button.

13. From Azure AD

14. From PowerShell

```
New-UnifiedGroup -DisplayName "Engineering Department" -Alias engineering
```

15. From the Groups REST API

```
POST https://graph.microsoft.com/beta/contoso.com/groups
Content-Type: application/json

{
  "groupType": "Unified",
  "displayName": "REST API Builders",
  "mailNickname": "restandbuild",
  "mailEnabled": "true"
}
```

16. From D365 Project Services Automation <https://docs.microsoft.com/en-us/dynamics365/customer-engagement/project-service/create-office-365-group-project>

Create an Office 365 Group for a project (Project Service Automation)

📅 09/15/2017 • ⌚ 2 minutes to read • Contributors 🧑

Applies to Dynamics 365 (online), version 9.x

Provide a space where team members for a project can collaborate on project documents, view the team's calendar, and have group conversations by creating an Office 365 Group for that project.

1. Go to **Project Service > Projects**.
2. Click the project you want to work on.
3. In the bar across the top of the screen, select the down arrow next to the project name, and then click **Office 365 Groups**.
4. Click **Create Office 365 Group**. You'll receive an email when your group is ready.
